

Grants Paid During Year Ended 31 December 2010

Details of grants greater than £100,000 paid to partner organisations by individual country programmes are given below. The total grant paid to each partner organisation may be higher than the amounts indicated below if it is made up of smaller amounts paid by separate country programmes.

Payments are also made directly to individuals either in emergencies or where it is deemed more beneficial to the local economy to provide cash instead of other aid, such as food packages. Individually, these amounts are very small and are not deemed material to Save The Children UK so no further breakdown has been given below.
