CHECK ON

THURSDAY 7 DECEMBER

for the big sweepstake

answer reveal!

How will it work?

I suggest asking people for £2 per guess. You can decide the prize – you could give the winner half of the pot, with the rest going to your fundraising total. Even better, why not ask around to see if you can get a prize donated? That way, 100% goes to helping kids.

Sweepstake conditions

1. This sweepstake is a work or residents' lottery promoted by the employee listed above who is responsible for managing the sweepstake. This means that (a) people may only take part if they all work or all live in the same set of premises, (b) the sweepstake may only be advertised at those premises, (c) entrants' rights are not transferable, (d) all participants must be 18 or over, and (e) the sweepstake is in Great Britain.
2. All of the proceeds from the sweepstake must be donated to Save the Children, apart from the cost of a prize and reasonable expenses which can be deducted from the proceeds. The prize must be identified before people enter. A profit must not be made.
3. The price to enter must be the same for every participant and must be paid before entry can be made.
4. Once you've collected your donations, send them to us using the instructions in your Christmas Jumper Day Gameplan.

Save the Children Fund is a charity registered in England & Wales (213890), Scotland (SC039570) and Isle of Man (199).
