# POM POMS

Why not get creative and design your very own super sweater? Use these pom-poms for a fluffy festive scene and go glitzy with tinsel, and baubles.

## METHOD

### MAKE THE POM-POMS

1. Cut out two cardboard circles, with a small round hole in the middle of each (see illustration above). Put them together.
2. Wind around the circles closely with wool, keeping the winding even and not leaving gaps.
3. Continue until the circles are covered completely.
4. Put the scissors in between the two circles of cardboard and cut open the wound wool around the outer edge, holding all the threads together.
5. Wrap a long piece of thread between the two circles. Tie and knot it firmly around the bunch of threads, and remove the cardboard.

CHANGE THE FUTURE

If you're dreaming of a white Christmas then why not take matters into your own hands by creating your very own Christmas jumper snowflake doilies?

## HOW TO MAKE A CHRISTMAS JUMPER DOILY:

Fold a square piece of paper into a triangle. Then fold in half again into a smaller triangle, then another, and once more until the paper is a narrow wedge shape. Along the folded edge draw a half-jumper shape. Cut this out. And open out to enjoy your Christmas jumper snowflake doily.

Alternatively use the template we've provided below and follow the instructions on where to fold and cut out.

Decorate the classroom or office by sticking on windows. Or use them as place mats for your bake sale.
