## Template letter to MP for teachers:

Top tip: you can easily find out who your MP is on [theyworkforyou.com](https://theyworkforyou.com) and adapt the template below so that your letter is more personal and impactful.

Dear XX MP,

I'm [name], a teacher from [insert school] in [city or constituency] and I am writing to you with my year [xxx] class.

This term we have been exploring how the UK Government is helping to build a fairer world that supports children everywhere. We have examined the future of UK aid and how it can be spent in the best way possible to help all children have the future they deserve. We have many different views in our class, and we would love to discuss those with you.

My students and I would like to invite you to visit our school this term to share our views with you and hear your thoughts too. We could arrange an assembly for the [year group/whole school] or host you in one of our lessons. My students have written postcards to share their priorities with you, which I have included with this letter.

[Optional to make your letter more personal: I have attached a picture of our class discussing how we would prioritise the aid budget].

We would love to give our students an opportunity to be heard by their MP and hear what you think in return. Will you come meet us at our school this term?

Best wishes,

XX
