.....

FAMILIES CONNECT

Consent Form

(Please note: Lots of different types of families take part in the programme, and where we say 'your child', we mean the child who will take part in Families Connect with you, whatever your relationship)

Programme details

Families Connect is designed to help parents and carers support their child's learning.

There will be eight workshops at your child's school, covering topics such as:

- helping your child to understand and manage their feelings and social skills,
- helping support your child's language and reading, and
- building early counting and confidence with numbers.

There will also be a session about everything you have learned during the programme and celebrating everyone who took part.

The information we collect

We ask schools and families to fill out a questionnaire at the end (and sometimes the start) of the programme. This will help us to know how well Families Connect is working, write reports for schools and donors and find out what difference it has made to the people taking part. Our questionnaires do not record any names. They use a reference code from your school instead. This means that we will not be able to identify you or your child.

By filling out a questionnaire you give Save the Children and our partners consent to analyse and use the data it contains.

If you would like us not to use the data from your questionnaire you can just email us to let us know, by contacting FamiliesConnectInfo@SaveTheChildren.org.uk. You can also take part in the programme without filling out any questionnaires if that is what you would prefer.

You can find out more about how we look after any information you and your school give us in the Families Connect Privacy Notice. It is available on www.savethechildren.org.uk/familiesconnect or you can access it directly via <https://www.savethechildren.org.uk/content/dam/gb/reports/families-connect/fc-privacy-notice.pdf>.

After the programme

After the initial 8 sessions of Families Connect, if any follow-on activities are available, or the chance to be in a Save the Children case study or focus group, we will ask your consent for those separately.

Consent

My child and I would like to participate in Families Connect
