

GUESS HOW MANY JUMPERS?

**Save the
Children**

Get as many people as you can to guess how many jumpers there are in the picture below. Everyone donates to play to help children everywhere get the best future ever!

How it works:

- 1 Everyone who wants to play has to pay £1 to guess the number of Christmas jumpers. They get 3 seconds to make their guess – so they can't just count up all the jumpers.
- 2 As soon as everyone has made a guess, you see who has either guessed right or come closest and announce the winner. If more than one person has guessed right or made the equal best guessed they're announced joint winners.
- 3 The winner could win half of the money or a prize of your choosing. The rest of the money goes to help children in the UK and all over the world.

AND THE JUMPERS

ARE...

Save the Children

50
